th kwel kw, a kind of rat
 ↑ level accent

that makes a pointed house
 of small sticks, just like white
 folks, sometimes 10 rats inside,
 people eat them. House 1 yard
 across, shove stick into the nest,
 & shoot the rats when they
 come out.

But knows no tak. name
 for house rat, & do not eat
 house rat.

N. shrew, but have them here,
George Baker says.

ty'ixemahay, ~~horse~~ horse.

But khiwitau, jargon for
horse. Call stallion: stón
khiwitau.

~~#~~
P³ i. wal³ s, bat.
↑ level

th¹a·n¹, ground squirrel.

Lives in the ground all the time.

"T¹axan, squirrel," Sap. 32.

pens a kind of squirrel
that lives in trees, ^{level short} big tail,
long tail. Used to tie tail
& used it for eating wazgarite
'cider with — so good. Gray
color — oh how they jump.

But has heard of flying
squirrels, but never saw one.
N. monkey squirrel.

spin, beaver. Sep. 216.
↑level

Kaiskwasän, chipmunk,
also Frances' mid. name.
